Niterra Co., Ltd. Selected as an Asia-Pacific Climate Change Leader For the Third Consecutive Year

NAGOYA, JAPAN, July 15, 2025 — Niterra Co., Ltd., Japan's leading spark plug and ceramics manufacturer with an evolving portfolio focused on ceramics and beyond, has announced its recognition as one of the top companies in the "Asia-Pacific Climate Change Leaders 2025" survey. This survey is conducted jointly by the Financial Times (UK) and Statista (Germany). Remarkably, this is the third consecutive year Niterra has achieved this distinction.

This Financial Times and Statista have compiled this prestigious ranking to highlight companies headquartered in 14 Asia-Pacific countries for their significant contributions to reducing greenhouse gas emissions. The assessment evaluates the reduction rate of Scope 1 and Scope 2 greenhouse gas emissions, including CO_2, relative to revenue from 2018 to 2023.

●Niterra Group's Commitment to Climate Action

The group has set ambitious CO_2 reduction targets as part of its "Eco Vision 2030," aiming to achieve carbon neutrality by 2050. These targets include a 30% reduction in CO_2 emissions (Scope 1, 2, and 3) by the end of fiscal year 2030 compared to fiscal year 2018. Additionally, the company aims for a 71.4% reduction in Scope 1 and 2 emissions by fiscal year 2035, compared to fiscal year 2018. To meet these goals, Niterra is implementing several initiatives, including raising awareness through internal carbon pricing, establishing an internal carbon tax, creating an internal environmental fund system, and providing support to its business partners. In its commitment to a decarbonized society, the group is prioritizing "Mobility" and "Environment & Energy" as key business areas, focusing on developing low-carbon products, such as ceramic components for electric vehicles and reversible SOC systems.
